MEDX
MEDICAL EXPERIENCE

SLIDING FEE DISCOUNT PROGRAM

MEDX Medical Experience main objective is to provide primary health care services to patients, regardless of their race, creed, color, sexual orientation, ability to pay and/or medical insurance coverage. For this reason, MEDX has created the **Sliding Fee Discount Program**.

This program consists in bridging our patients, with or without a health insurance plan, to all the services provided in our clinics in an accessible manner, eliminating financial barriers through a scaled discount program considering only the income and family size of the patient.

What you need to know about the Sliding Fee Program?

1. It's a benefit offered for every patient to apply for the discount program and to have the opportunity to qualify.
2. The program establishes a discount based on the size of your family and the amount of income your family receives in a year.
3. You can qualify for the program even if you currently have a health insurance plan.

Requirements to apply for the Sliding Fee Program:

1. Complete the application form.
2. Photo identification for the applicant and household members, and/or other official documents.
3. Proof of income, for example: W-2, the last two pay stubs, unemployment letter if not currently employed, among others.

How much will I have to pay?

Once you have submitted all the required documents, your request is evaluated and the decision will be notified in writing. If you qualify, you will be informed about your discount scale and the amount to be paid.
